NEW YEAR'S RESOLUTIONS. DOES IT WORK?

A new years resolution is a goal that someone wants to complete or work for in the year to come. Many people make New Year's resolutions to make themselves better people, but unfortunately people tend to not keep their New Year's resolution for very long.

There are many different types of New Year's Resolutions such as: health, personality, spiritually, relationally, professionally, musically, and athletically. Some people may

strive to complete many New Year's resolutions, while other only wish to focus on one. Will you keep your New Year's Resolution?

CONTRIBUTIONS OF MARTIN LUTHER KING

Martin Luther King Jr. protested against whites who did not treat African-Americans fairly. He gave the famous speech "I Have a Dream". He was an

honorable man and devout Christian. He and his family were persecuted for standing up for black rights.

Testimony

Our school is grateful to be approaching our 15th year anniversary. You will hear more details on our celebrations later.

GOOD TIMES COMICS

What time does the library open?" the man on the phone asked.
"Nine A.M." came the reply. "And what's the idea of calling me at home in the middle of the night to ask a question like that?"
"Not until nine A.M.?" the man asked in a disappointed voice.
"No, not till nine A.M.!" the librarian said.
"Why do you want to get in before nine A.M.?"
"Who said I wanted to get in?" the man sighed sadly. "I want to get out."
